A better way to play

... FROM OUR PRESIDENT & CEO Brad Emerman

As we open a new season on the field, a lot has changed in the world. People talk about the "new normal" and all the things that are different now. The baseball and softball fields are where comfort is. Practicing and playing the game is what we love. At ProNine®, we focus on the game. We want you, our loyal customers, to be confident in our brand and enjoy all our products. ProNine products should help with your performance in the game or during your practice time. We are focusing every day on improving our brand so that it translates to the field. Our philosophy is **PRONINE SPORTS, A BETTER WAY TO PLAY!**

Once again, I want to thank you for all your support of ProNine. We are excited for another great season of growth, and we cannot do it without our amazing customers, vendors, teams, coaches and supporters.

You are all part of our ProNine family, and we want to provide an amazing customer experience. We will strive this coming season to continue to offer great products along with the best customer service in the industry.

Please take a few minutes to look through our new catalog. We have new products designed for players and coaches. Enjoy our products in the cage or on the field. Tell your friends about our brand. Although the world continues to change, we want ProNine Sports to be your constant for all your baseball and softball needs.

PRONINE'S BRAND AMBASSADOR Mike Sweeney

I am psyched that it is that time of the year again for baseball and softball. Players are on the field playing games and practicing their skills. Coaches are coaching, and parents are watching and having fun at the games. It is amazing to be able to be part of this great sport, whether you are involved with baseball or softball on any level.

I always say that ProNine is my go-to baseball and softball supply company. They have baseballs, softballs, buckets of practice balls, practice and training equipment, catcher's protective gear, umpire gear, equipment bags, backpacks, fungo bats, ball caddies, practice nets and other cool products.

The company has grown a lot in the past few years and their product assortment is high quality at very reasonable prices. Their line has products for the weekend warrior or the professional player as well as everybody in between. Now is the time to get ready for the season. Whether player, coach, equipment manager, parent or just happen to be looking through the catalog, ProNine has something for everyone.

If you have used ProNine products before, I am sure you will agree that the brand is great. If you have not tried the brand, I urge you to give it a try. Talk to my friends at ProNine Sports and they can assist with you all your baseball and softball needs. The company pays attention to the small stuff all the time.

MEASURE FOR PROPER SIZE & FIT

CHEST PROTECTOR: Measure from the bottom of your neck to your navel. Match this measurement, in inches, to our closest model number.

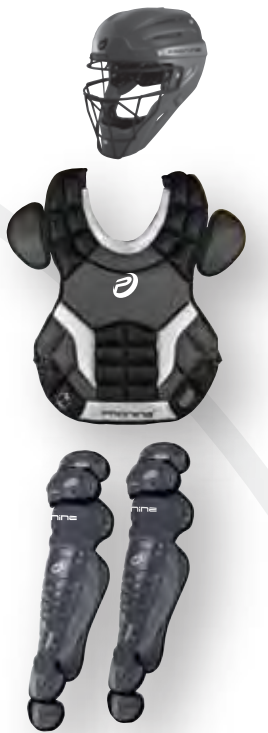

HELMET: Measure the circumference of your head just above the ears. Divide this number by 3.14 to get your helmet size.

LEG GUARD: Measure from the middle of your knee to the top of your ankle. Match this measurement, in inches, to our closest model number.
